

VI YOUNG RESEARCHERS MEETING

6th-7th November 2023

ciber | **ONC** | **OBN**

ABSTRACT SUBMISSION RULES

AIM OF THE CONVOCATORY

This event aims to recognize excellence in research as manifested in oral, flashtalk and poster presentations, encouraging the development of basic and translational research in the fields of oncology, obesity and nutrition. The event would take place during the VI Young Researchers Meeting, in Málaga (6th-7th November 2023)

REQUIREMENTS FOR APPLICANTS

The call is open to both predoctoral and postdoctoral (no more than 5 years from PhD) researchers who belong to a CIBERONC/CIBEROBN group. Participants who are not part of CIBERONC/CIBEROBN should include in the email the head of their group (who must be a CIBERONC/CIBEROBN member).

AWARDS

The selected researchers from each TOPIC will be able to present their work during the VI Young Researchers Meeting, participating in the contest for the best oral (predoctoral and postdoctoral), flashtalk and poster presentation.

ABSTRACT SELECTION PROCESS

The Organizing Committee will make the selection of abstracts for oral, rapid-fire and poster presentations by October 6th 2023. Participants will receive an email with the committee decision on the abstract and further instructions on the presentation format (if selected). The best predoctoral and postdoctoral abstracts from each **TOPIC** will be selected for oral presentation. Some abstracts will be selected for flashtalk presentations (2 minutes presentations). The rest will be selected for poster presentations. Please note that if the abstract is accepted for oral, flashtalk or poster presentation, the assistance of the presenting author is mandatory.

ABSTRACT SUBMISSION

Abstracts should be done following the template provided and must be sent by email to info@ciberonc.es by no later than September 8th, 2023 (included) in word format indicating in the mail subject the information detailed in the present **ABSTRACT SUBMISSION FORM**.

30th June
