

HOW TO REGISTER IN OUR MEETING

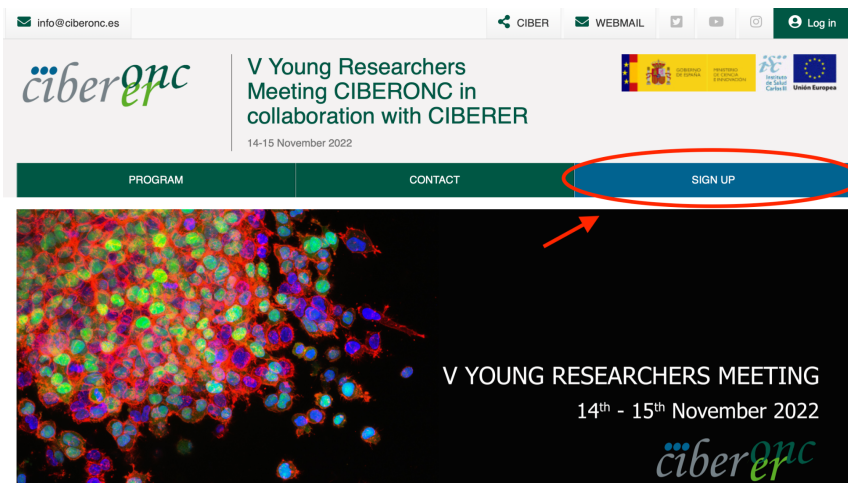

The event is open to both predoctoral and postdoctoral (no more than 5 years from PhD) researchers who **belong to a CIBERONC/CIBERER group**. Registration is mandatory to attend the meeting.

The registration deadline is **15th October 2022 at 12:00 p.m.** (midday).

1. Enter the event website following the link down below:

<https://encuentrojovenesinvestigadores.ciberonc.es>

2. Click the button "Sign Up"

3.1. If you have an account for the CIBER intranet, you can log in with the same credentials and fill out the form. You will receive an email confirming the registration.

Sign up now!

| If you have an account in ciber

If you have an account for intranet.cientifis.com you can log in to register and guarantee your place at the congress.

| If you are external

A screenshot of the "Sign up now!" page. A modal window titled "Login with ciber account" is open, showing fields for "User" and "Password" and a "Send" button. The modal is circled in red. A red arrow points to the close button (X) in the top right corner of the modal. The background page shows the "Sign up now!" heading and the "If you have an account in ciber" section, which is partially obscured by the modal.

3.2. If you are an external (whose group belongs to CIBERONC or CIBERER), CIBERONC/CIBERER without intranet access or you don't remember your password, you must fill out the form with your data.
